

To

The Secretary,

Bharati Milon Sangha
Kharsakota, Birati

Dear Sir,

Let us introduce you a very much popular game "BALL BADMINTON"

This game is a National Event. It is played in Sub-Junior, Junior & Senior in National level. This year 2014-15 National game will be played as 59th National. So you can understand how much old game this is. This game is very much popular in Southern States like Tamil Nadu, Kerala, Andhra, Maharashtra Karnataka etcetera. From few years back West Bengal is participating in these sub-Junior, Junior & senior both in male and female categories under **Ball Badminton Association of West Bengal** which is also under **Ball Badminton Federation of India**. State Championship is also done in district levels. The male & female candidates of different districts Howrah, Hoogly, Medinipur East and West, South 24 Pgs, Kolkata are participating in this Event. Anyhow this game is not introduced in North 24 Pgs District. On behalf of **Ball Badminton Association of North 24 Pgs District**, I propose to know the ins & outs of the game. This year This game has been included in School Games both in State & National. This year BALL Badminton game has been included in Physical Education book of Class VII of all West Bengal Schools. This game is also done in all India University games

Now let us begin to know what is needed to play this game. It needs only a field of 30 Mts X 15 Mts outdoor fields (Court Size is 24 Mts X 12 Mts). If you have control of this size of field under your organization, you are eligible to introduce this game for your local young boys & girls to get pleasure, enjoyment as also as a probable player of district, State, National, School, University Competitions.

It is a game of 5(Five) players in each side. So it requires 5 Ball Badminton Racket (Slide different of feather badminton). A yellow woolen ball (5 cm. dia), a net and five wooden pole to tight the net. It is a game of 29 points. On behalf of Ball Badminton Association Of N-24 pgs, we are at first, taking liabilities to purchase some rackets, a few balls and nets to reduce the initial cost of purchasing those materials by a club who is ignorant of this game and for the benefit of young boys and girls of our Birati, Durganagar, Nimta area. We will donate this rackets, balls, nets to those clubs who are most interested. Our experts will visit your ground and if found O.K. to introduce the game at your Club, you are welcome to a meeting at **31/3 Rabindra Path, Birati on Sunday, the 24th August at 11-00 am**. Please note Sub-junior game will be held at Madurai, Tamil Nadu from 30th September to 4th October 2014 followed by other junior, Senior, School, university competitions

Before taking decision in your club Committee, I would request you to go through our National web side www.bbfj.webs.com to know details of the game. Also I am attaching one CD of a National Game played at Hyderabad to get interest in this game.

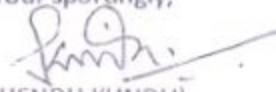

Hope, your club will be interested to introduce this game at your club.

Thanking you,
